

The Village Trust is a registered charity, which aims to improve the environment in the village and promote high standards of development, whether new buildings or the renovation and alteration of existing ones.

We also aim to secure the protection and improvement of features of public and historic interest and encourage an interest in the history of the village and surrounding areas.

Issues that we have addressed over the years include new development proposals and changes of use of existing buildings, a wide variety of traffic and highway issues, litter and dog fouling. We have arranged for the erection of plaques to provide information about people and buildings of historic interest, presented Design Awards for the best new development, organised village litter picks and had a variety of speakers at our open meetings. We have entered the Northumbria in Bloom Awards and achieved Silver Gilt. The Trust has worked with the Council to improve the appearance of the village, published information about its history and development, local directories, community groups and heritage trails. As well as the Executive Committee, we have Blooming and Heritage working groups that plant/maintain flower tubs/open spaces and give presentations.

A few times a year, the Trust holds an Open Meeting, for both members and residents, to give updates on the work of the Trust. Often there is a speaker and always the opportunity to raise and discuss issues affecting Shotley Bridge. We circulate a newsletter to members with the agenda, before each meeting. For more info visit our website shotleybridgevillagetrust.com
